

12 Days of Christmas Cricut Challenge

12 cutting-machine projects · any start date · tick them off

- ☐ **1. Personalized ornament**
Adhesive (permanent) vinyl · Easy
Cut a name or year in small vinyl and apply it to a flat or clear ornament with transfer tape. Curved surfaces: snip the transfer tape so it lies flat.
- ☐ **2. Gift tags**
Cardstock + pen · Easy
Use a tag shape plus the pen tool (or Draw) to write names, then cut. Batch a whole sheet for every gift this year.
- ☐ **3. Iron-on tea towel**
Heat-transfer vinyl (HTV) · Easy
A cotton flour-sack towel with a short phrase. Mirror the design before cutting HTV, and check your vinyl's heat guide.
- ☐ **4. Window snowflakes**
Window cling or removable vinyl · Easy
Cut a set of snowflakes in a few sizes and arrange them on a window or mirror. Removable vinyl peels off in January.
- ☐ **5. Layered or shaker card**
Cardstock + acetate · Medium
Cut a card with a window, back it with acetate and fill a foam-tape pocket with sequins for a shaker card, or stack 3-4 layers of cardstock for depth.
- ☐ **6. Holiday mug**
Permanent vinyl · Medium
Wrap a short phrase or a pattern around a mug. Burnish well and give it a few days before washing; hand-wash to make it last.
- ☐ **7. Stocking name**
HTV on felt · Medium
Add names to plain felt stockings. Felt can scorch, so use a pressing cloth and your vinyl's lower-heat setting.
- ☐ **8. 3D paper ornament**
Cardstock (score lines) · Medium
Cut a 3D star, bauble or house ornament with score lines, fold and glue. Glitter cardstock makes it pop on the tree.
- ☐ **9. Treat box or gift-card holder**
Cardstock (score lines) · Medium
Cut a small pillow box or a gift-card sleeve for teacher and neighbor gifts. Pair it with your gift tags from day 2.
- ☐ **10. Door hanger or wood sign**
Stencil vinyl + paint · Advanced
Cut a stencil, weed the letters out, apply to a wood round, dab paint with a nearly dry brush, then peel while slightly wet.
- ☐ **11. Matching pajamas or shirts**
HTV · Advanced
Same design, different names or sizes for the whole family. Mirror, weed, press, and peel hot or cold as the vinyl says.
- ☐ **12. Free Sleepy Bauble ornament**
Your choice: cardstock, vinyl or wood (laser) · Any level
